2nd Annual Warrior Gala 2019

For the benefit of wounded warriors and their families

THE FAIRMONT GEORGETOWN, WASHINGTON, D.C.

Help support our wounded warriors in their time of need.

ABOUT EAGLEFORCE WARRIOR FOUNDATION

The EagleForce Warrior Foundation was established to support our wounded, ill and injured military service members and their extended family. Our Government does an excellent job of caring for our wounded warriors and transporting one family member to be at the bedside of the service member.

The foundation reflects not only our love for the United States Armed Forces and the veterans who have served, but our passion for human kind and the need to ensure that we as citizens of this great country ensure that our service men and women, veterans and their families are cared for in a way that honors their service to us.

After being given the opportunity to tour the Walter Reed National Military Medical Center, it was easy to witness the bravery of our service men and women and the positive effects of family offering love, support and advocacy during rehabilitation and recovery which truly moved our Founder and CEO Cheryl Campbell beyond measure.

"I knew I wanted all of our wounded warriors to have a similar advantage." Cheryl Campbell. Unfortunately, not all our heroes have the opportunity to have that same love and support. Our military does its best to help, within the limits of Federal regulations, but even the strongest of the strong need a little help sometimes.

EAGLEFORCE WARRIOR FOUNDATION MISSION

- Veterans helping veterans succeed in civilian life. We understand the sacrifices made by our military and their families, especially our Wounded Warriors, and the unique challenges they face when transitioning to the civilian sector.
- Provide aviation and ground transportation for wounded Sailors, Soldiers, Airmen, Marines, Coast Guardsmen, and their families as they transition to and from their initial critical care in military hospitals and subsequent treatment in Veterans Affairs Medical Centers, civilian hospitals, and clinics.
